

# Number ideas 0-20

Use number chart – look at numbers (point to this number).	Sing number nursery rhymes (i.e. 5 little monkeys).	Use objects to make number amounts (lego, cars, dolls, toys, grapes, pop bubble wrap, put pegs on bowl edge, stickers, dry pasta).
Put 3 or more numbers in order – biggest to smallest.	Draw a picture and write the number name to match the numeral.	Hide numbers around a room to make a number hunt – say number when found <ul style="list-style-type: none"><li>○ Could also say number that comes before/after.</li></ul>
Write/trace numbers – pencil/crayon, chalk, paint, paint with water on the concrete.	Count an amount of things (i.e. grab a handful of objects – count; make sure only count an object once).	Find numbers around home on everyday objects (i.e. find a 6 on cereal box).
Roll 2 dice. Add the 2 dice together by counting the dots.	Choose a number between 1 and 20. Can you count from that number all the way to 20 and back to 0?	Match numbers on playing cards.
Roll a die and subitise how many (say number without counting).	Make numbers using playdough.	Play card games or board games like 'Go Fish'.
