## Plough Back

Today we were learning how to use a numbers board to help you count.

We Are Learning To: Count using a Numbers Board.
What I'm Looking For: Counting in 2's, 3's 5's and 10's to 100.

## Question

How many numbers is it going up by if you go directly below a number on a numbers board?

If all the numbers end in 0 or 5 , What am I counting up or down in?
