I Do

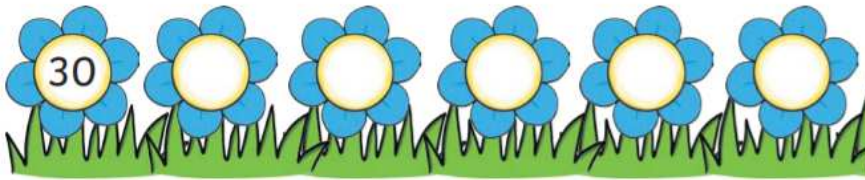

We Are Learning To: Skip count by 2s, 5s, 10s and 3s.

What I'm Looking For: Accurate skip counting forward and backwards by 2s, 5s, 10s and 3s.

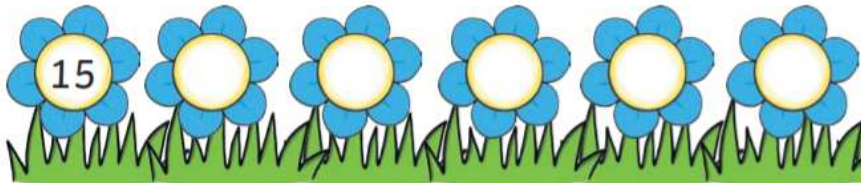

Skip counting forward

When we skip count, we have to think about the differences of numbers. When it is skip counting forward, you add the same number.

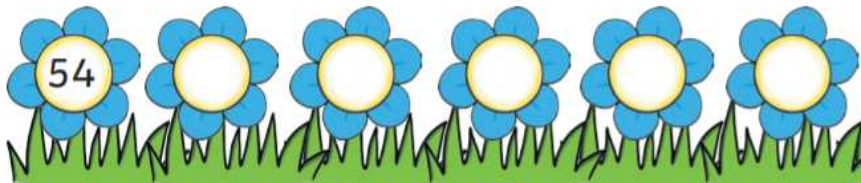

By 2s

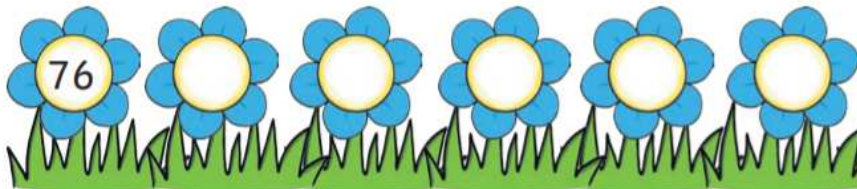

By 3s

By 5s

By 10s

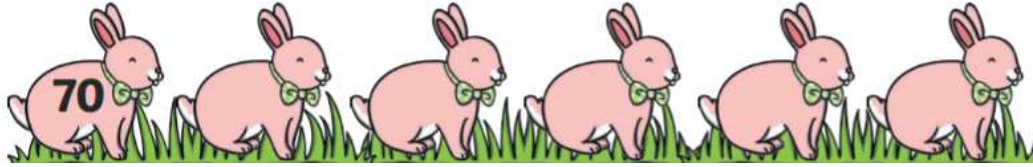

Skip counting backwards

When you skip count backwards, you subtract the same number.

By 5s

By 10s

We Do

Work on these skip counting activity. Remember, you have to take note of the pattern.

You Do

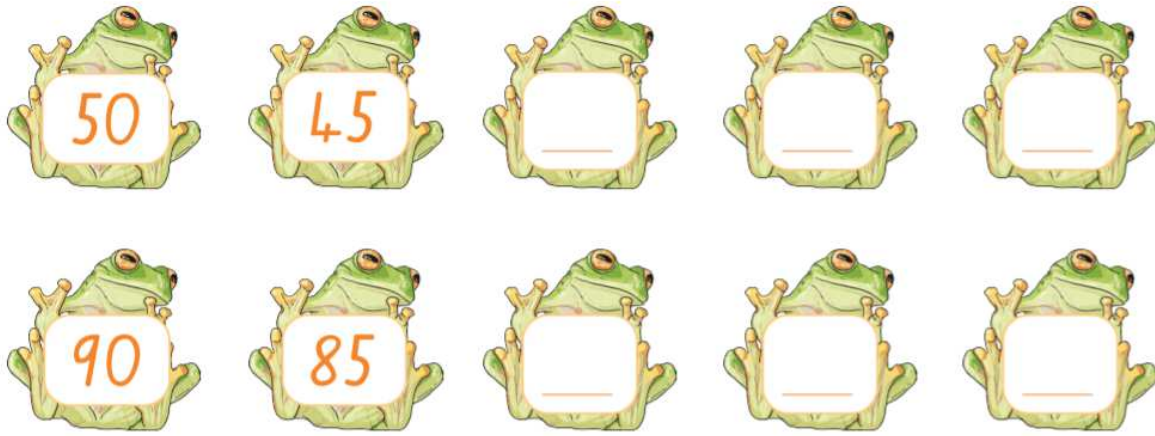

Fill in the missing number on these animals as you skip count by

2s, 5s and 10s forward

Fill in the missing number on these animals as you skip count by 2s, 5s and 10s backwards.

Plough Back

Today, we learned about skip counting. When we skip count, we have to think about the differences of numbers. When it is skip counting forward, you add the same number but when you skip count backwards, you subtract the same number.
