

DIVING BOARD Bonanza!

THE GAME OF CHANCE

DIVING BOARD Bonanza!

THE GAME OF CHANCE

How to play

- Students play with a partner.
- Provide each player with a gameboard, 5 blue or 5 yellow divers and 1 dice.
- Players randomly place their divers on their numbered diving boards and diving platforms. (More than one diver can go on one diving board or diving platform).
- The player with the next birthday goes first and rolls the dice.
- If there is a diver (or divers) on the diving board or diving platform of the number that is on the dice, the player's diver (or divers) dives into the pool and is taken off the gameboard.
- Play continues until a player is the first to clear all of their divers from the gameboard and wins the game!
