

ED AND DALE'S

Heads and Tails

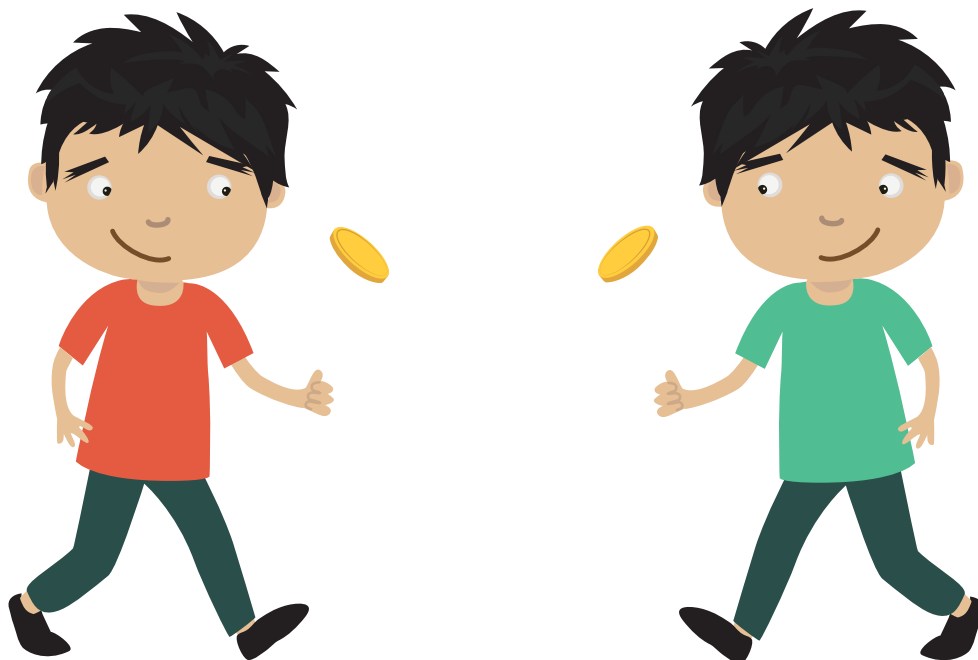

• CHANCE GAME •

Instructions

1. Provide each pair with a laminated game board, a coin and some counters. Each player must choose to be Ed or Dale.
2. The player with the next birthday goes first and tosses the coin.
3. If they are Ed and the coin lands with the head facing up, they place a counter over one of their circles. If they are Dale and the coin lands with the tails facing up, they place a counter over one of their circles.
4. If a player's side of the coin does not land facing up, they miss a turn.
5. Players take turns flipping the coin. Play continues until a player reaches the finish and wins the game.

Extension

As an extension, players could graph the results as they play.
