

Chance – ordering events

Chance is the likelihood of something happening.

If something will definitely happen, we say it is certain.

If something has an even chance of happening, it means that it is just as likely to happen as it is unlikely to happen.

If something can't happen it is impossible.

1 Read each statement and circle the chance of it happening:

	Event	Chance
a	A baby is born a girl.	impossible / even / certain
b	Christmas Day will fall on December 25 this year.	impossible / even / certain
c	A coin is tossed and the result is a tail.	impossible / even / certain
d	6 red counters are placed in a bag and a yellow one is drawn.	impossible / even / certain

2 Draw a line to match each spinner to the correct statement:

There is an even chance that this spinner will land on stripes.

It is certain that this spinner will land on stripes.
