"Don't cry because it's over, smile because it happened."

Dr Seuss

This week's virtue is **flexibility**. Flexibility is being open to change. It means not always having to have your own way. It is being open to the opinions and feelings of others. With flexibility, we are willing to change our minds. If something doesn't work, we try a new way. Flexibility is making changes for the better and goes hand in hand with being resilient. Please consider taking a few minutes to discuss being **flexible** with your child[ren].

Principal's Message

Unfortunately, this week two of our significant annual events, Sports Day and the Under Eights' Activity Session were postponed until next Wednesday due to a very wet Oval. The 2022 Simultaneous Storytime, featuring the book Family Tree by Josh Pyke was held in their place. A big thank you is extended to **Mr David Johnson** for all of his work leading up to and on Sports Day, **Mr Greg Ganter** for assisting with the field marking and preparations, all Staff that contributed, including our P&C Association and the many volunteers. A special thank you is extended to the Parkhurst State School P&C's Treasurer **Ms Kerri Ross**, our Tuckshop Convenor, **Mrs Kathy Russell**, Vice President, **Mrs Lynn Ashton** and P&C President, **Ms Marika Taylor**. Well done everyone on a job well done. We are all positioned well for next Wednesday.

Next Tuesday, Parkhurst State School is hosting a **Performance Tour**, entitled 'Pick a Peck of Pickled Poems'. This thirty-minute presentation links to our English and The Arts curriculum and is an opportunity for our learners to be part of a real audience during a real performance. Permission and Payment notes were sent home several weeks ago. If you require any additional information, please contact your child[ren]'s Class Teacher[s] or Administration.

Any sibling of current Parkhurst State School learners wishing to enrol in Prep in 2023, are strongly encouraged to contact Administration as soon as possible. There are limited spaces available for out of catchment enrolments as part of our Waiting List across all year levels. If you know a family considering Parkhurst State School in 2023 for their child[ren], please encourage them to make contact for an Enrolment Package.

In 2022, our school improvement agenda is the *consistent delivery of quality and inclusive teaching for every learner, in every learning space for every learning area, every day*. All Staff are committed to achieving this goal and are congratulated for their ongoing efforts in developing their knowledge and skills.

Over the past two weeks, the **flexibility** and **resilience** of our learners and staff has been tested with the recent weather. Sometimes, changes have been made (particularly at playtime) very quickly to accommodate the rain and everyone is congratulated for their amazing efforts.

Thank you!

Our Year of Creativity

This year, our theme for learning is 'Unleash YOUR Creativity'. This theme aligns with the general capabilities of the Australian Curriculum and provides opportunities for all learners to:

- be curious and inquisitive
- be creative in their thinking
- be innovative
- solve problems
- use their imagination
- generate and apply new ideas
- identify alternative solutions
- see and make new links
- follow and explore their passions

Unleashing our creativity can occur across all learning areas. In 2022, a particular focus will be in The Arts (Music, Visual Arts, Dance and Drama) Technologies (Design and Digital), Physical Education and English. This theme will also develop our knowledge and understanding of how our brains function and how we can use this knowledge to unleash our creativity. As in past years, each week, we will acknowledge the creativity of our learners through our **Creators of the Week**, recognising their special and unique creative achievements, thinking and the use of their imagination.

Voluntary Contribution Program

The Parkhurst State School Parents and Citizens' Association's Voluntary Contribution Program is an ongoing program. Payments can be made via

Flexischools or a payment card available from Administration. Everyone who contributes or volunteers regularly goes into the draw for a great prize at each Term's Assembly of Excellence.

Safety Reminders

At the end of each day, an increased number of learners are meeting their parents and carers outside the school, towards the end of Mason Avenue. This is becoming dangerous with children

navigating traffic to cross the road and some taunting cars as they pass. The school's **Kiss and Go Zone** is the preferred and safest method of collection each afternoon and is supervised by Teacher Aides until **3:30 p.m.** to encourage a staggered collection. All families are also reminded to ensure the dedicated crossing is used before and after school to encourage road safety.

Opens every day from 3:00 p.m. to 3:30 p.m.

Voluntary Contribution Program

The Parkhurst State School Parents and Citizens' Association conducts a **Voluntary Contribution Program** each Term and sincerely appreciates that families are 'time poor' and may not always be available to assist and volunteer with fundraisers, activities and events. Families can voluntarily contribute \$25 each Term, \$50 each Semester or \$100 for the year in lieu of contributing financially or assisting in person with ongoing fundraisers. Each Term, regular volunteers and all families that have contributed will go into the draw for a prize, drawn at our **Assembly of Excellence**.

Payments can be made using the Flexischools app. or using a Payment Card available from Administration. If you have paid for an entire

year, you are automatically in the draw every Term. With over 300 families, if every family supported this initiative, just over \$30 000 could be raised in one year. If you have any questions regarding any aspect of the program, please contact the Office or email pandc@parkhurstss.eq.edu.au.

Smart Moves Program

Our **Oval Walk** occurs every morning from **8:40 a.m.** to **8:55 a.m.** The Oval Walk starts from the Assembly Area and all learners will depart together for the Oval. Thank you to all Staff who regularly assist. This Program ensures <u>every</u> learner has an opportunity to participate in moderate physical activity that raises their heart rate. There is a requirement that <u>at least</u> **30 minutes** of physical activity is provided for every learner every day through Physical Education Lessons, Sport and Smart Moves. Great job and thank you!

National Reconciliation Week

National Reconciliation Week is a time for all Australians to learn about our shared histories, cultures, and achievements. National Reconciliation Week is held from May 27th 2022 to June 03rd 2022 and provides an opportunity for all of us to explore how we can contribute to achieving reconciliation in Australia. This year's theme is "Be Brave. Make Change", which presents a challenge to all Australians to tackle the unfinished business of reconciliation for the benefit of all Australians. For more information and some great resources, visit Reconciliation Week

COVID-19 Update

The Queensland Government recently made changes to close contact requirements. If you are a close contact who is asymptomatic, you will **no longer** need to quarantine.

However, in the seven days after becoming a close contact you will need to ...

- wear a face mask while outside of your home, including when outdoors if you cannot physically distance
- notify your principal or supervisor that you are a close contact. Students must also let their school know.
- not visit vulnerable settings, such as hospitals, aged care and disability facilities, unless in exceptional or compassionate circumstances (for example, end of life visits).

Containers for Change

This year, our Year Five learners have assumed the responsibility for the collection and sorting of containers as part of the Queensland Government's **Containers for Change Program**. Funds raised from this Program support our School's Music Program. There are small coloured collection bins across the school for each of our Sports Houses to keep tally of the funds raised.

If you have any containers at home you wish to donate, they can be placed in any of these bins across the school. Very soon, some new bins will arrive as special additions to this Program. A big thank you is extended to **Ms Rebecca Egerton** and **Mr George Grant** who oversee this initiative.

Flu Season is Here

The flu is a serious illness for everyone, and while people with underlying health problems are at a higher risk of complications, healthy individuals can get really sick, too. It is not possible to predict how severe the 2022 season will be, however, a low incidence of flu in one year could result in a severe season for those who haven't been vaccinated or had natural exposure to flu viruses previously. Vaccination remains the most effective way to prevent both children and adults from getting the flu, becoming seriously ill from the flu, or passing it For to others. more information visit, https://tinyurl.com/9h7ebhu2.
